VOTING SECURITIES

Voting Rights

The record date for the determination of shareholders entitled to notice of and to vote at the 2014 Annual Meeting of Shareholders was the close of business on March 12, 2014 (the “**Record Date**”). On the Record Date, there were 33,340,607 shares of common stock, par value \$0.01 per share, the Company’s only voting securities, outstanding and entitled to vote at the Meeting. Each share of the Company’s common stock is entitled to one vote. Under the Company’s bylaws, the holders of a majority of the shares of common stock outstanding and entitled to vote at the Meeting shall constitute a quorum for the transaction of business at the Meeting. Shares of common stock represented in person or by proxy, including shares present at the Meeting

TABLE OF CONTENTS

and voting for certain routine discretionary matters but for which the nominee or broker had received no authority to vote on non-discretionary matters (“**broker non-votes**”) and shares which abstain or do not otherwise vote with respect to one or more of the matters presented for shareholder approval, will be counted for purposes of determining whether a quorum is present.

Vote Required for Proposal 1: Election of Directors

The affirmative vote of the holders of a plurality of votes cast by the shareholders entitled to vote at the Meeting is required for the election of directors. Abstentions and broker non-votes, if any, will not be included in vote totals and will not affect the outcome of the voting on the election of directors. According to applicable broker rules, brokers will not have discretionary authority to vote on this proposal. Unless otherwise indicated, the persons named in the proxy will vote all proxies in favor of this proposal.

In an uncontested election, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election (a “**Majority Withheld Vote**”) shall promptly tender his or her resignation following certification of the stockholder vote.

The Nominating and Corporate Governance Committee shall promptly consider the resignation offer and a range of possible responses based on the circumstances that led to the Majority Withheld Vote, if known, and make a recommendation to the Board of Directors. The Board of Directors will act on the Nominating and Corporate Governance Committee’s recommendation within 90 days following certification of the stockholder vote.

Thereafter, the Board of Directors will promptly disclose its decision-making process and decision regarding whether to accept the director’s resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

Any director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating and Corporate Governance Committee recommendation or Board of Directors’ action regarding whether to accept the resignation offer.

However, if each member of the Nominating and Corporate Governance Committee received a Majority Withheld Vote at the same election, then the independent directors who did not receive a Majority Withheld Vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board of Directors whether to accept them.

If the only directors who did not receive a Majority Withheld Vote in the same election constitute three or fewer directors, all directors may participate in the action regarding whether to accept the resignation offers.

Vote Required for Proposal 2: Proposal to Approve, in a Non-Binding Vote, the Compensation Paid to the Company’s Named Executive Officers

The affirmative vote of the holders of a majority of the shares of common stock represented at the Meeting in person or by proxy is required for the approval of the resolution in this proposal. Pursuant to applicable broker rules, brokers will not have discretionary authority to vote on this proposal and, therefore, will not be included in vote totals and will not affect the outcome of the vote on this proposal. Unless otherwise indicated, the persons named in the proxy will vote all proxies in favor of this proposal. As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company’s executive compensation program, values the opinions expressed by shareholders and will consider the outcome of the vote when making future compensation decisions. Abstentions will have the same effect as a “no” vote on the approval of the resolution in this proposal.

[TABLE OF CONTENTS](#)

Vote Required for Proposal 3: Ratification of Independent Registered Public Accounting Firm

The affirmative vote of the holders of a majority of the shares of common stock represented at the Meeting in person or by proxy is necessary to ratify the selection of the Company’s independent registered public accountant for the current year. Pursuant to applicable broker rules, brokers will have discretionary authority to vote on this proposal, even absent instructions from the beneficial holders. Unless otherwise indicated, the persons named in the proxy will vote all proxies in favor of this proposal. Abstentions will have the same effect as a “no” vote on this proposal.

The following table summarizes the voting requirements applicable to the proposals to be voted on at the Meeting:

<u>Proposal</u>	<u>Vote Required</u>	<u>Broker Discretionary Voting Allowed</u>
Proposal 1: Election of Directors	Plurality of Votes Cast	No
Proposal 2: Advisory Vote on Executive Compensation	Not Applicable (Advisory Vote Only)	No
Proposal 3: Ratification of Independent Registered Public Accounting Firm	Majority of the shares present in person or represented by proxy	Yes

Additional Solicitation

If there are not enough votes to approve any proposals at the Meeting, the stockholders who are represented may adjourn the Meeting to permit the further solicitation of proxies. The persons named as proxies will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought to permit the further solicitation of proxies. Abstentions and broker non-votes will not have any effect on the result of the vote for adjournment.

Also, a stockholder vote may be taken on one or more of the proposals in this proxy statement prior to any such adjournment if there are sufficient votes for approval of such proposal(s).

PROPOSAL 1:

ELECTION OF DIRECTORS

The number of directors constituting our Board is presently set at eight directors. KCAP Financial has a classified Board currently consisting of three directors with terms expiring in 2016 (Class I), three directors with terms expiring in 2014 (Class II) and two directors with terms expiring in 2015 (Class III). At each annual meeting of shareholders, directors in one class are elected for a full term of three years to succeed those directors whose terms are expiring. This year, the three Class II director nominees will stand for election to a three-year term expiring at the 2017 Annual Meeting of Shareholders. Mr. Bloom is being proposed for election pursuant to his employment agreement with Trimaran Advisors, L.L.C. (“*Trimaran Advisors*”), a wholly-owned portfolio of the Company. The persons named in the enclosed proxy will vote to elect Albert G. Pastino, C. Michael Jacobi and Jay R. Bloom as directors unless the proxy is marked otherwise. Each of the nominees has indicated his willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board. Management has no reason to believe that any of the above-mentioned persons will not serve his term as a director.

Set forth below are the name, age and principal occupation of each nominee for election as a Class II director and of each continuing member of the Board. Information with respect to their business experience, other publicly-held companies on which they serve as a director and the number of shares of the Company’s common stock beneficially owned by each of them appears later in this proxy statement.

CORPORATE GOVERNANCE PRINCIPLES AND DIRECTOR INFORMATION

KCAP Financial has a strong commitment to good corporate governance practices. These practices provide a framework within which KCAP Financial's Board and management can pursue the strategic objectives of the Company and ensure its long-term growth for the benefit of shareholders. The Board reviews the Company's corporate governance principles and practices annually. The Company has adopted corporate governance guidelines that can be found on the Corporate Governance Section of the Company's website at www.kcapfinancial.com. For a description of the Company's director resignation policy, see "Voting Securities — Vote Required for Proposal 1: Election of Directors."

Board Leadership Structure and Board's Role in Risk Oversight

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing board leadership and that given the dynamic and competitive environment in which we operate, the right board leadership structure may vary as circumstances warrant. Consistent with this understanding, the independent directors consider the Board's leadership structure on an annual basis. This consideration includes the pros and cons of alternative leadership structures in light of our operating and governance environment at the time, with the goal of achieving the optimal model for effective oversight of management by the Board.

The chairman of the Board presides at all meetings of the Board. The chairman is appointed on an annual basis by at least a majority vote of the remaining directors. Currently, the offices of chairman of the board and chief executive officer are separated. We have no fixed policy with respect to the separation of the offices of the chairman of the board and chief executive officer; however, the Board believes that the separation of the offices of the chairman of the Board and chief executive officer is an integral part of good corporate governance and the succession planning process and that it is in the best interests of the Company to make this determination from time to time. Christopher Lacovara has served as chairman of the Board since our initial public offering and is not considered an "interested person" of the Company, as defined in Section 2(a)(19) of the 1940 Act.

In June 2011, the Board designated Albert Pastino as lead independent director. Mr. Pastino's duties as lead independent director include serving as chairman of regular Board meetings during absences of the chairman of the Board, establishing an agenda for meetings of the Independent Directors and leading such meetings, and performing such other duties as the Board may establish or delegate.

The Board is actively involved in risk oversight for the Company. Although the Board as a whole has retained oversight over the Company's risk assessment and risk management efforts, much of the Board's oversight efforts are conducted through the various Committees of the Board. Each Committee then regularly reports back to the full Board on the conduct of the Committee's functions. The Board, as well as the individual Board Committees, also regularly hear directly from key officers and employees of the Company involved in risk assessment and risk management.

In particular, the Audit Committee assists the Board in risk oversight for the Company by reviewing and discussing with management and the independent auditors the Company's significant financial and other exposures, and guidelines and policies relating to enterprise risk assessment and risk management, including the Company's procedures for monitoring and controlling such risks. In addition to exercising oversight over

key financial and business risks, the Audit Committee oversees, on behalf of the Board, financial reporting, tax, and accounting matters, as well as the Company's internal controls over financial reporting. The Audit Committee also plays a key role in oversight of the Company's compliance with legal and regulatory requirements.

The full Board regularly reviews the efforts of each of its Committees and discusses, at the level of the full Board, the key strategic, financial, business, legal and other risks facing the Company, as well as the Company's efforts to manage those risks.

The Board has affirmatively determined that the following directors are Independent Directors:

C. Michael Jacobi
Christopher Lacovara
Albert G. Pastino
C. Turney Stevens
John A. Ward III

In fiscal year 2013, the Board of the Company met 8 times. Each director attended at least 75% of the total number of meetings of the Board and committees on which the director served that were held while the director was a member. It is the Company's policy that Board members are encouraged, but not required, to attend the Company's annual meetings of shareholders.

Nominating and Corporate Governance Committee

The Board has established a Nominating and Corporate Governance Committee (the "***Nominating Committee***"). The Nominating Committee is currently composed of Messrs. Jacobi, Ward and Stevens, who are Independent Directors of the Company. Mr. Stevens serves as Chairman of the Nominating Committee. The Nominating Committee's responsibilities include (i) recommending director nominees for selection by the Board; (ii) overseeing the governance of the Company; (iii) leading the Board in its annual review of the Board's performance; (iv) recommending to the Board director nominees for each committee; and (v) recommending for approval by the Board the compensation paid to each Independent Director for serving on the Board.

In executing its power to recommend director nominees for selection by the Board, the Nominating Committee determines the requisite standards or qualifications for Board nominees. In the event that a director position is vacated or created and/or in contemplation of a shareholders' meeting at which one or more directors are to be elected, the Nominating Committee will identify potential candidates to become members of the Board. In identifying potential candidates, the Nominating Committee may consider candidates recommended by any of the Independent Directors or by any other source the Nominating Committee deems appropriate. The Nominating Committee may, but is not required to, retain a third party search firm at the Company's expense to identify potential candidates. The Nominating Committee Charter, as approved by the Board, can be found in the Corporate Governance section of the Company's website at www.kcapfinancial.com.

The Nominating Committee will consider qualified director nominees recommended by shareholders, on the same basis it considers and evaluates candidates recommended by other sources, when such recommendations are submitted in accordance with the Company's bylaws and other applicable laws, rules or regulations regarding director nominations. When submitting a nomination to the Company for consideration, a shareholder must provide certain information that would be required under applicable SEC rules, including the following minimum information for each director nominee: full name, age, and address; class, series and number of shares of stock of the Company beneficially owned by the nominee, if any; the date such shares were acquired and the investment intent of such acquisition; whether such shareholder believes the individual is an "interested person" of the Company, as defined in the 1940 Act; and all other information required to be disclosed in solicitations of proxies for election of directors in an election contest or that is otherwise required. The Company has not received any recommendations from shareholders requesting consideration of a candidate for inclusion among the Nominating Committee's slate of nominees in this proxy statement.

TABLE OF CONTENTS

In considering and evaluating candidates, the Nominating Committee may take into account a wide variety of factors, including (but not limited to):

- availability and commitment of a candidate to attend meetings and to perform his or her responsibilities on the Board;
- relevant business and related industry experience;
- educational background;
- financial expertise;
- experience with corporate governance matters;
- an assessment of the candidate's ability, judgment and expertise;
- overall diversity of the composition of the Board;
- the percentage of the Board represented by Independent Directors and whether a candidate would qualify as an Independent Director; and
- such other factors as the Nominating Committee deems appropriate.

The Nominating Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new perspectives. If any member of the Board does not wish to continue in service, if the Nominating Committee or the Board decide not to nominate a member for re-election or if the Nominating Committee recommends to expand the size of the Board, the Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria set forth above. Current Independent Directors and members of the Board provide suggestions as to individuals meeting the criteria considered by the Nominating Committee. Consultants may also be engaged to assist in identifying qualified individuals. The Nominating Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating Committee believe that it is essential that the Board members represent diverse viewpoints and a diverse mix of the specific factors listed above.

In fiscal year 2013, the Nominating Committee held 5 meetings.

Valuation Committee

The Board has established a Valuation Committee. The Valuation Committee is composed of Messrs. Lacovara, Stevens and Kehler. Mr. Lacovara serves as Chairman of the Valuation Committee. The Valuation Committee is responsible for reviewing and recommending to the full Board the fair value of debt and equity securities. The Valuation Committee may utilize the services of an independent valuation firm in arriving at fair value of these securities. The Board is ultimately and solely responsible for determining the fair value of portfolio investments. The Valuation Committee Charter, as approved by the Board, can be found in the Corporate Governance section of the Company's website at www.kcapfinancial.com.

In fiscal year 2013, the Valuation Committee held 6 meetings.

In accordance with its Charter, the Compensation Committee may delegate its authority to a subcommittee.

In fiscal year 2013, the Compensation Committee held 5 meetings.

Audit Committee

The Board has established an Audit Committee. The Audit Committee is composed of Messrs. Pastino Jacobi and Ward. Mr. Pastino serves as Chairman of the Audit Committee. The Audit Committee's functions include providing assistance to the Board in fulfilling its oversight responsibility relating to the Company's financial statements and the financial reporting process, compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accountant, the Company's system of internal controls, the Company's code of ethics, retaining and, if appropriate, terminating the independent registered public accountant and approving audit and non-audit services to be performed by the independent registered public accountant. The Audit Committee Charter, as approved by the Board, can be found in the Corporate Governance section of the Company's website at www.kcapfinancial.com.

The Board has determined that all the members of the Audit Committee — Messrs. Pastino, Jacobi and Ward:

- are independent, as independence for audit committee members is defined in Section 10A(m)(3) and Section 10C(a) of the Exchange Act and the SEC rules promulgated thereunder and Rule 5605(a)(2) and Rule 5605(c)(2) of The Nasdaq Global Select Market listing standards;
- meet the requirements of Item 407(d)(5) of Regulation S-K under the Securities Act of 1933, as amended (the "**Securities Act**"), and the Securities Exchange Act of 1934, as amended (the "**Exchange Act**") and are audit committee financial experts; and
- possess the requisite financial sophistication required under The Nasdaq Global Select Market listing standards.

The Audit Committee has adopted a policy under which all auditing services and all permitted non-audit services to be rendered by the Company's independent registered public accountant are pre-approved.

In fiscal year 2013, the Audit Committee held 5 meetings.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board operates under a written charter adopted by the Board. The charter can be found in the Corporate Governance section of the Company's website at www.kcapfinancial.com. The Audit Committee is currently composed of Messrs. Pastino, Jacobi and Ward.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements and for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures to provide for compliance with accounting standards and applicable laws and regulations. The independent registered public accountant is responsible for performing an independent audit of the Company's annual financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion on the conformity of those audited financial statements in accordance with accounting principles generally accepted in the United States, as well as an independent audit of management's assessment of the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee is also directly responsible for the appointment, compensation and oversight of the Company's independent registered public accounting firm.

TABLE OF CONTENTS

Pre-Approval Policy

The Audit Committee has established a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by the Company's independent registered public accounting firm. The policy requires that the Audit Committee pre-approve the audit and non-audit services performed by the independent registered public accountant in order to assure that the provision of such service does not impair the accountant's independence.

Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee.

Review with Management

The Audit Committee has reviewed the audited financial statements and met and held discussions with management regarding the audited financial statements. Management has represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States.

Review and Discussion with Independent Registered Public Accounting Firm

The Audit Committee has discussed with its independent registered public accounting firm, matters required to be discussed by Auditing Standard No. 16, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board and such other matters as the Audit Committee and its independent registered public accounting firm are required to discuss under auditing standards generally accepted in the United States. The Audit Committee received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees (as amended), as adopted by the Public Company Accounting Oversight Board, and has discussed with the firm its independence. The Audit Committee has also considered the compatibility of non-audit services with the firm's independence.

In 2013, the Audit Committee met with members of senior management and the Company's independent registered public accounting firm to review the certifications provided by the Chief Executive Officer and Chief Accounting Officer under the Sarbanes-Oxley Act of 2002 ("***Sarbanes-Oxley***"), the rules and regulations of the SEC and the overall certification process. At these meetings, Company officers reviewed each of the Sarbanes-Oxley certification requirements concerning internal control over financial reporting and any fraud, whether or not material, involving management or other employees with a significant role in internal control over financial reporting.

Selection of Auditors

In March 2014, the Audit Committee of the Board conducted a review of the selection of the Company's independent registered public accounting firm. As part of this process, the Company contacted other independent registered public accounting firms and solicited input from them on their ability to provide the audit services that the Company requires. Specifically, the Company sought detailed information about their experience auditing other BDCs. The Company contacted these other independent registered public accounting firms for the audit of its annual financial statements for the fiscal year ending December 31, 2014.

On March 26, 2014, upon the recommendation of the Audit Committee of the Board, the Board engaged E&Y to serve as the Company's new independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2014, subject to ratification by our stockholders. See "Proposal 3 — Ratification of Independent Public Accounting Firm."

Overview of Executive Compensation Principles

Unless otherwise indicated, the discussion and analysis below relates to compensation of executive officers of the Company.

Executive compensation in 2013 reflected both the financial market conditions as well as the Company's operating performance. In determining bonus awards for 2013 and salary increases for 2014, the Compensation Committee considered the following factors:

- Selection and maintenance of strong credit characteristics for the investment portfolio — limited defaulted assets in the investment portfolio and limited realized losses relative to the overall market for such investments;
- Payment of a dividend primarily out of current net investment income (as may be adjusted for non-recurring items), consistent with the Company's goal not to rely on capital gains; and
- Comparison to compensation levels at other similar companies operating in the financial industry.

In addition, at the Company's 2013 Annual Meeting of the Shareholders, the Company held a non-binding stockholder vote to approve the compensation paid to its named executive officers in 2012, commonly referred to as a "say-on-pay" vote. The Company's stockholders approved such compensation by a non-binding, advisory vote with approximately 92% of the votes submitted on the proposal voting in favor of the resolution. The Board considered the results of this vote and views this vote as confirmation that the Company's stockholders support the Company's executive compensation policies and decisions.

The Compensation Committee awarded 2013 performance bonuses to all of the named executive officers above or near to their existing minimum target bonus amounts and also determined that some of these individuals would receive merit increases in their base salaries in 2014.

TABLE OF CONTENTS

Primary Objectives

The primary objectives of the Compensation Committee of the Board with respect to executive compensation are to attract, retain and motivate the best possible executive talent. The focus is to tie short- and long-term cash and equity incentives to achievement of measurable corporate and individual performance objectives and to align executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee maintains compensation plans that tie a substantial portion of executives' overall compensation to the Company's operational performance. The structure of the executives' base and incentive compensation is designed to encourage and reward the following:

- sourcing and pursuing attractively priced investment opportunities;
- participating in comprehensive due diligence with respect to the Company's investments;
- ensuring the most effective allocation of capital; and
- working efficiently and developing relationships with other professionals.

Benchmarking of Compensation

Management develops the Company's compensation plans by utilizing publicly available compensation data and subscription compensation survey data for national and regional companies in the middle market lending industry and in particular other publicly-traded, internally managed business development companies ("*BDCs*"). The Company believes that the practices of this group of companies provide the Company with appropriate compensation benchmarks because these companies have similar organizational structures and tend to compete with the Company for executives and other employees. For benchmarking executive compensation, the Company typically reviews the compensation data the Company has collected from the complete group of companies, as well as a subset of the data from those companies that have a similar number of employees and a similar investment portfolio as the Company.

Pay-for-Performance Philosophy

Based on management's analyses and recommendations, the Compensation Committee has approved a pay-for-performance compensation philosophy, which is intended to bring base salaries and total executive compensation in line with approximately the fiftieth percentile of the companies with a similar number of employees represented in the compensation data the Company reviews. The Company works within the framework of this pay-for-performance philosophy to determine each component of an executive's initial compensation package based on numerous factors, including:

- the individual's particular background and circumstances, including training and prior relevant work experience;
- the individual's role with the Company and the compensation paid to similar persons in the companies represented in the compensation data that the Company reviews;
- the demand for individuals with the individual's specific expertise and experience at the time of hire;
- performance goals and other expectations for the position;
- comparison to other executives within the Company having similar levels of expertise and experience; and
- uniqueness of industry skills.

Setting and Assessment of Performance Goals; Role of Chief Executive Officer

The Compensation Committee has also implemented an annual performance management program, under which annual performance goals are determined and set forth in writing at the beginning of each calendar year for the Company as a whole and for each individual employee. Annual corporate goals are proposed by management and approved by the Board at the end of each calendar year for the following year. These corporate goals target the achievement of specific strategic, operational and financial milestones. Annual individual goals focus on contributions which facilitate the achievement of the corporate goals and are set during the first quarter of each calendar year. Individual goals are proposed by each employee and approved

TABLE OF CONTENTS

by his or her direct supervisor. The Chief Executive Officer's goals are approved by the Compensation Committee. Annual salary increases, annual bonuses and annual restricted stock awards granted to the Company's employees are tied to the achievement of these corporate and individual performance goals.

The performance goals for the Company's Chief Executive Officer and other executive management are considered in the context of the performance of the broader financial industry and are as follows:

- achievement of the Company's dividend objectives (emphasizing both growth and stability);
- growth of the Company's investment portfolio;
- maintenance of the credit quality and financial performance of the Company's investment portfolio; and
- development of the Company's human resources.

The Company believes that the current performance goals are realistic "stretch" goals that should be reasonably attainable by management.

During the fourth calendar quarter, the Company evaluates individual and corporate performance against the written goals for the recently completed year. Consistent with the Company's compensation philosophy, each employee's evaluation begins with a written self-assessment, which is submitted to the employee's supervisor. The supervisor then prepares a written evaluation based on the employee's self-assessment, the supervisor's own evaluation of the employee's performance and input from others within the Company. This process leads to a recommendation for annual employee salary increases, annual stock-based compensation awards and bonuses, if any, which is then reviewed and approved by the Compensation Committee. The Company's executive officers, other than the Chief Executive Officer, submit their self-assessments to the Chief Executive Officer, who performs the individual evaluations and submits recommendations to the Compensation Committee for salary increases, bonuses and stock-based compensation awards. In the case of the Chief Executive Officer, his individual performance evaluation is conducted by the Compensation Committee, which determines his compensation changes and awards. For all employees, including the Company's executive officers, annual base salary increases, annual stock-based compensation awards and annual bonuses, to the extent granted, are implemented during the first calendar quarter of the year.

Our Compensation Policies and Practices as They Relate to Risk Management

In accordance with the applicable disclosure requirements, to the extent that risks may arise from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company, the Company is required to discuss those policies and practices for compensating the employees of the Company (including employees that are not named executive officers) as they relate to the Company's risk management practices and the possibility of incentivizing risk-taking.

The Compensation Committee has evaluated the policies and practices of compensating the Company's employees in light of the relevant factors, including the following:

- the financial performance targets of the Company's annual cash incentive program are the budgeted objectives that are reviewed and approved by the Board and/or the Compensation Committee;
- bonus payouts are not based solely on corporate performance, but also require achievement of individual performance objectives;
- bonus awards generally are not contractual entitlements, but are reviewed by the Compensation Committee and/or the Board and can be modified at their discretion;
- the financial opportunity in the Company's long-term incentive program is best realized through long-term appreciation of the Company's stock price, which mitigates excessive short-term risk-taking; and
- the allocation of compensation between cash and equity awards and the focus on stock-based compensation, primarily restricted stock awards generally vesting over a period of years, thereby mitigating against short-term risk taking.

TABLE OF CONTENTS

Based on such evaluation, the Compensation Committee has determined that the Company's policies and practices are not reasonably likely to have a material adverse effect on the Company.

Compensation Components

The Company's compensation package consists of the following components, each of which the Company deems instrumental in motivating and retaining its executives:

Base Salary

Base salaries for the Company's executives are established based on the scope of their responsibilities and their prior relevant background, training and experience, taking into account competitive market compensation paid by the companies represented in the compensation data the Company reviews for similar positions and the overall market demand for such executives at the time of hire. As with total executive compensation, the Company believes that executive base salaries should generally target the fiftieth percentile of the range of salaries for executives in similar positions and with similar responsibilities in companies of similar size to the Company. An executive's base salary is also evaluated together with other components of the executive's compensation to ensure that the executive's total compensation is in line with the Company's overall compensation philosophy.

Base salaries are reviewed annually as part of the Company's performance management program and increased for merit reasons, based on the executive's success in meeting or exceeding individual performance objectives and an assessment of whether significant corporate goals were achieved. The Company also realigns base salaries with market levels for the same positions in companies of similar size to the Company represented in the compensation data the Company reviews if necessary and if the Company identifies significant market changes in the Company's data analysis. Additionally, the Company adjusts base salaries as warranted throughout the year for promotions or other changes in the scope or breadth of an executive's role or responsibilities.

Annual Bonus

The Company's compensation program includes eligibility for an annual performance-based cash bonus in the case of all executives and certain senior, non-executive employees. The amount of the cash bonus depends on the level of achievement of the stated corporate and individual performance goals. The terms of any bonus compensation that each of Messrs. Pearson, Corless, Gilpin, Gilligan and Ms. Simeone are annually entitled to are set forth in each of their respective employment agreements descriptions of which are set forth below. See "Executive Compensation — Employment Agreements."

The amounts of the annual cash bonuses paid to the Company's named executive officers are determined by the Compensation Committee of the Board. In each case, the annual bonus award is based on the individual performance of each of these individuals and on the performance of the Company against goals established annually by the Board, after consultation with the individual. In reviewing and approving the annual performance-based cash bonus, the Compensation Committee considered the relative achievement of the stated corporate and individual performance goals. The most significant performance factors taken into account include, but are not limited to: total investment income; net investment income; overall credit performance of the total investment portfolio; growth of the overall investment portfolio; adding resources and expanding the organization at all levels; maintaining the Company's internal controls and compliance standards; and improving operating efficiency. All bonuses are subject to an annual increase, solely at the discretion of the Board, and in its discretion, the Compensation Committee may award bonus payments to the Company's executives above or below the amounts specified in their respective employment agreements.

The annual bonus awards paid to the named executive officers with respect to 2013 (shown in the "Non-Equity Incentive Plan" column of the Summary Compensation Table below) were above or equal their existing minimum target bonus amounts.

Long-Term Incentives

The Company believes that long-term performance is achieved through an ownership culture that encourages long-term participation by the Company's executive officers in equity-based awards. The 2006 Amended and Restated Equity Incentive Plan (the "**Equity Incentive Plan**") currently allows the grant to

TABLE OF CONTENTS

executive officers of stock options, restricted stock or other stock-based awards. The Company typically makes an initial equity award to certain new senior level employees and annual grants as part of the Company's overall compensation program. All grants of awards pursuant to the Equity Incentive Plan are approved by the Board. Although the Company has the ability to make grants of restricted stock and options under the Equity Incentive Plan, the Board currently believes that restricted stock awards are a more appropriate form of equity incentive compensation for the Company given its emphasis on growing dividend payments to its stockholders. The Equity Incentive Plan is designed to allow, but not require, the grant of awards that qualify under an exception to the deduction limit of Section 162(m) of the Internal Revenue Code of 1986, as amended, for "performance-based compensation."

Initial stock-based awards. Executives who join the Company are awarded initial grants of options or restricted stock. Options awarded as part of these grants have an exercise price equal to the fair market value of common stock on the grant date. The vesting schedule and other terms of these awards are determined by the Board. The amount of the initial award is determined based on the executive's position with the Company and an analysis of the competitive practices of companies similar in size to the Company represented in the compensation data that the Company reviews. The initial awards are intended to provide the executive with an incentive to build value in the organization over an extended period of time. The amount of the initial award is also reviewed in light of the executive's base salary and other compensation to ensure that the executive's total compensation is in line with the Company's overall compensation philosophy. The grant date for awards for existing employees is the later of the date that the Board approved the grant or the date that the Company and the employee have reached a mutual understanding as to the amount and terms of such grant. For prospective employees, the grant date is the date upon which the Company and the employee have reached an agreement regarding the terms of employment and the terms of the award granted by the Board, and the employment has commenced (thus such date is typically the first day of employment). All of the grant dates are approved by the Board or the Compensation Committee.

Annual stock-based awards. The Company's practice is to make annual stock based awards as part of the Company's overall performance management program. In 2013, awards of shares of the Company's restricted common stock were made to Messrs. Pearson, Gilpin, Corless and Gilligan. The Compensation Committee believes that stock-based awards provide management with a strong link to long-term corporate performance and the creation of stockholder value. The Company intends that the annual aggregate value of these awards be set near competitive median levels for companies represented in the compensation data the Company reviews. As is the case when the amounts of base salary and initial equity awards are determined, a review of all components of the executive's compensation is conducted when determining annual equity awards to ensure that an executive's total compensation conforms to the Company's overall philosophy and objectives. A pool of stock-based awards is reserved for executives and other officers based on setting a target grant level for each employee category, with the higher ranked employees being eligible for a higher target grant. The Compensation Committee meets each year after the filing of the Annual Report on Form 10-K to evaluate, review and recommend for the Board's approval the annual stock-based award design, level of award and prospective grant date of such award for each named executive officer and the Chief Executive Officer. For promotions or new hires, the Compensation Committee approves the award in advance of the grant date, and the stock-based grant is awarded on the determined date at the Company's closing market price per share.

Other Compensation

The Company maintains broad-based benefits and perquisites that are provided to all employees, including health, life and disability insurance, a savings plan, and a 401(k) plan. The Company participates in a defined contribution plan for their executive officers and employees. In particular circumstances, the Company also utilizes cash signing bonuses when certain executives and senior non-executives join the Company. Such cash signing bonuses typically either vest during a period of less than a year or are repayable in full to the Company if the employee recipient voluntarily terminates employment with the Company prior to the first anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof are determined on a case-by-case basis under the specific hiring circumstances. For example, the Company will consider paying signing bonuses to compensate for amounts forfeited by an executive upon terminating prior employment, to assist with relocation expenses and/or to create an additional incentive for an executive to join the Company in a position where there is high market demand.

Termination-Based Compensation

Severance. The terms of any severance based compensation that each of Messrs. Pearson, Corless, Gilpin, Gilligan and Ms. Simeone are entitled to are set forth in each of their respective employment agreements, descriptions of which are set forth below. See “Executive Compensation — Employment Agreements.”

Acceleration of vesting of equity-based awards. In general, all unvested options and unvested shares of restricted common stock held by an employee are forfeited immediately upon that employee’s termination, whether or not for cause. Under the Equity Incentive Plan, however, the Board may, if it so chooses, provide in the case of any award for post-termination exercise provisions, including a provision that accelerates all or a portion of any award, but in no event may any award be exercised after its expiration date.

Conclusion

The compensation policies of the Company are designed to motivate and retain its senior executive officers and to ultimately reward them for outstanding individual and corporate performance.

Employment Agreements

The Company and/or Katonah Debt Advisors is a party to employment agreements with Messrs. Pearson, Gilpin, Corless, Gilligan and Ms. Simeone. Each of Messrs. Pearson, Gilpin, Corless and Ms. Simeone receive their salary, bonus, stock awards and benefits pursuant to their employment agreements with the Company. Mr. Gilligan receives his salary, bonus and benefits pursuant to his employment agreement with Katonah Debt Advisors.

Employment Agreements with Dayl W. Pearson, Edward U. Gilpin and R. Jon Corless

On June 1, 2012, Mr. Gilpin entered into an employment agreement with the Company providing for an initial term ending on December 31, 2013, subject to automatic one-year renewals thereafter (unless either party provides prior written notice not later than 30 days prior to the expiration of the term of his or its decision not to extend the term of employment). Under the employment agreement, Mr. Gilpin is entitled to receive an annual base salary of \$365,000 (subject to increase from time to time in the discretion of the Board of Directors) and an annual performance-based cash bonus with a targeted amount of \$400,000 to be paid on or before January 31 of the succeeding calendar year based on his performance and that of the Company against goals established annually by the Board. In addition, Mr. Gilpin is eligible to participate in all employee benefit plans of the Company available to employees. The employment agreement also provides that if Mr. Gilpin's employment is terminated by the Company without cause or by him for good reason (each as defined in Mr. Gilpin's employment agreement) or as a result of death or disability, he (or his designated beneficiary or estate) will be entitled to receive (i) his base salary and contributions toward health insurance premiums for the remaining term of the agreement (or, if greater, twelve months after such termination); provided that the Company may elect to cease continuation of base salary and contributions toward health insurance premiums at any point following the six-month anniversary of such termination so long as the Company releases Mr. Gilpin from his remaining non-competition and non-solicitation obligations as of such date; (ii) any base salary earned but not paid through the date of termination; (iii) vacation time accrued but not used to that date; (iv) any bonus compensation to which he is entitled in respect of the year of termination, prorated to the date of termination; and (v) in the case of a termination by the Company without cause or by Mr. Gilpin for good reason, continued annual bonuses at 50% of the target amount during the period of base salary continuation, pro rated with respect to partial years, all on the condition that he sign a release of claims and subject to his compliance with his non-compete, non-solicitation, and confidentiality obligations. In addition, Mr. Gilpin's employment agreement was amended effective as of April 22, 2013 to eliminate a change in control protection provision. That provision, which is no longer in effect after April 22, 2013, provided that following a change in control of the Company, Mr. Gilpin would have been entitled to the benefits described above if he terminates for any reason in the 90 days after the change in control, and the Company's ability to elect to cease the continuation of base salary and contributions to health insurance premiums would have applied after twelve months rather than six months.

As amended on June 27, 2012, each of the employment agreements of Messrs. Pearson and Corless with the Company provides for an initial term ending on December 31, 2013 (subject to automatic one-year renewals thereafter as provided in their previous agreements) unless either party provides prior written notice (not later than 30 days prior to the expiration of the term) of his or its decision not to extend the term of the employment agreement. Under their respective employment agreements, Messrs. Pearson and Corless are entitled to receive an annual base salary of \$500,000 and \$300,000, respectively, and are eligible to earn

annual discretionary performance-based cash bonuses with targeted amounts of \$800,000 and \$250,000, respectively, to be paid, in each case, on or about January 31 of the succeeding calendar year. The employment agreements provide that if the executive's employment is terminated by the Company without cause or by the executive for good reason (each as defined in the applicable employment agreement) or as a result of death or disability, the executive (or his designated beneficiary or estate) will be entitled to receive (i) his base salary and contributions toward health insurance premiums for the remaining term of the agreement (or, if greater, six months after such termination); provided, that if the remaining term of the agreement exceeds six months, the Company may elect to cease continuation of base salary and contributions toward health insurance premiums at any point following the six-month anniversary of such termination so long as the Company releases the executive from his remaining non-competition and non-solicitation obligations as of such date; (ii) any base salary earned but not paid through the date of termination; (iii) vacation time accrued but not used to that date; and (iv) any bonus compensation to which the executive is entitled in respect of the year of termination, prorated to the date of termination, all on the condition that the executive sign a release of claims. In addition, the employment agreements were amended effective as of April 22, 2013 to eliminate a change in control protection provision. That provision, which is no longer in effect after April 22, 2013, provided that in addition to the benefits described above, the executive would have been entitled to a further six months of base salary and contributions toward health insurance premiums (*i.e.*, for a total of one year) if he was terminated by the Company within 90 days following a change in control involving the Company.

Employment Agreement with Daniel P. Gilligan

As amended on June 27, 2012, Mr. Gilligan's employment agreement with Katonah Debt Advisors provides for an initial term ending on December 31, 2013 (subject to automatic one-year renewals thereafter as provided in their previous agreements) unless either party provides prior written notice (not later than 30 days prior to the expiration of the term) of his or its decision not to extend the term of the employment agreement. Under the employment agreement, Mr. Gilligan is entitled to receive an annual base salary of \$250,000 and is eligible to earn an annual discretionary bonus, targeted at \$175,000, to be paid on or about January 31 of the succeeding calendar year. The employment agreement provides that if the executive's employment is terminated by Katonah Debt Advisors without cause or by the executive for good reason (each as defined in the applicable employment agreement) or as a result of death or disability, the executive (or his designated beneficiary or estate) will be entitled to receive (i) his base salary and contributions toward health insurance premiums for the remaining term of the agreement; provided, that if the remaining term of the agreement exceeds six months, Katonah Debt Advisors may elect to cease continuation of base salary and contributions toward health insurance premiums at any point following the six-month anniversary of such termination so long as Katonah Debt Advisors releases the executive from his remaining non-competition and non-solicitation obligations as of such date; (ii) any base salary earned but not paid through the date of termination; (iii) vacation time accrued but not used to that date; and (iv) any bonus compensation to which the executive is entitled in respect of the year of termination, prorated to the date of termination, all on the condition that the executive sign a release of claims. In addition, the employment agreement was amended effective as of April 22, 2013 to eliminate a change in control protection provision. That provision, which is no longer in effect after April 22, 2013, provided that in addition to the benefits described above, the executive would have been entitled to a further six months of base salary and contributions toward health insurance premiums (*i.e.*, for a total of one year) if he was terminated by Katonah Debt Advisors within 90 days following a change in control involving the Company.

entitled to receive (i) her base salary and contributions toward health insurance premiums for the remaining term of the agreement; provided that the Company may elect to cease continuation of base salary and contributions toward health insurance premiums at any point after Ms. Simeone has received 3 months such payments, so long as the Company releases Ms. Simeone from her remaining non-solicitation obligations as of such date; (ii) any base salary earned but not paid through the date of termination; (iii) vacation time accrued but not used as of that date; and (iv) any bonus compensation to which Ms. Simeone is entitled in respect of the year of termination, prorated to the date of termination, all on the condition that Ms. Simeone sign a release of claims. In the event of a termination due to the expiration of the employment agreement's term, non-renewal of the employment agreement, death, or disability, Ms. Simeone will be entitled to receive (i) any base salary earned but not paid through the date of termination; (ii) vacation time accrued but not used as of that date; and (iii) any bonus compensation to which Ms. Simeone is entitled in respect of the year of termination, prorated to the date of termination.

Potential Payments Upon Termination or Change of Control

Termination of Employment and Change of Control Arrangements

Change of Control Arrangements in the Company's Equity Incentive Plan

Under the Equity Incentive Plan, in the event of a Covered Transaction (as defined below), all outstanding, unexercised options, restricted stock awards and other stock-based awards granted under the Equity Incentive Plan will terminate and cease to be exercisable, and all other awards to the extent not fully vested (including awards subject to conditions not yet satisfied or determined) will be forfeited, provided that the Board may in its sole discretion on or prior to the effective date of the Covered Transaction take any (or any combination of) the following actions, as to some or all outstanding awards:

- make any outstanding option exercisable in full;
- remove any performance or other conditions or restrictions on any award;
- in the event of a Covered Transaction under the terms of which holders of the shares of the Company will receive upon consummation thereof a payment for each such share surrendered in the Covered Transaction (whether cash, non-cash or a combination of the foregoing), make or provide for a payment (with respect to some or all of the awards) to the participant equal in the case of each affected award to the difference between (A) the fair market value of a share of common stock times the numbers of shares subject to such outstanding award (to the extent then exercisable at prices not in excess of the fair market value) and (B) the aggregate exercise price of all shares subject to such outstanding award, in each case on such payment terms (which need not be the same as the terms of payment to holders of shares) and other terms, and subject to such conditions, as the Board determines; and
- with respect to an outstanding award held by a participant who, following the Covered Transaction, will be employed by or otherwise providing services to an entity which is a surviving or acquiring entity in the Covered Transaction or any affiliate of such an entity, at or prior to the effective time of the Covered Transaction, in its sole discretion and in lieu of the action described in the three preceding bullets, arrange to have such surviving or acquiring entity or affiliate assume any award held by such participant outstanding hereunder or grant a replacement award which, in the judgment of the Board is substantially equivalent to any award being replaced.

Under the Equity Incentive Plan, a "**Covered Transaction**" is a (i) sale of shares of the Company's common stock, consolidation, merger, or similar transaction or series of related transactions in which KCAP Financial is not the surviving corporation or which results in the acquisition of all or substantially all of the Company's then outstanding shares of common stock by a single person or entity or by a group of persons and/or entities acting in concert; (ii) a sale or transfer of all or substantially all of the Company's assets; or (iii) a dissolution or liquidation of the Company. Where a Covered Transaction involves a tender offer that is reasonably expected to be followed by a merger described in clause (i) (as determined by the Board), the Covered Transaction shall be deemed to have occurred upon consummation of the tender offer.

Termination of Employment Provisions in the Company's Equity Incentive Plan

Unless the Board expressly provides otherwise, immediately upon the cessation of employment or services of a participant in the Equity Incentive Plan, all awards to the extent not already vested terminate and all awards requiring exercise cease to be exercisable and terminate, except that:

- When a participant's employment or services are ceased for Cause (as defined below), all options, vested and unvested, immediately terminate and unvested restricted stock is forfeited;
- For vested options held by a participant immediately prior to his or her death, to the extent then exercisable, the options remain exercisable for the lesser of a period of 180 days following the participant's death or the period ending on the latest date on which those options could have been exercised had there been no cessation of employment or services; and

TABLE OF CONTENTS

- In all other cases, all vested options held by the participant immediately prior to the cessation of his or her employment, to the extent then exercisable, remain exercisable for the lesser of a period of 90 days or the period ending on the latest date on which that option could have been exercised had there been no cessation of employment or services.

Under the Equity Incentive Plan, “**Cause**” has the same meaning as provided in the employment agreement between the participant and the Company or its affiliate, provided that if the participant is not a party to any such agreement, “**Cause**” means (i) the participant’s chronic alcoholism or drug addiction; (ii) fraud, embezzlement, theft, dishonesty, or any deliberate misappropriation of any material amount of money or other assets or property of the Company or any of its affiliates by the participant; (iii) willful failure to perform, or gross negligence in the performance of, the participant’s duties and responsibilities to the Company and its affiliates; (iv) the participant’s material breach of any agreement between the participant and the Company or its affiliates, except where the breach is caused by incapacity or disability of the participant; (v) a charge, indictment or conviction of, or plea of *nolo contendere* by, the participant to a felony or other crime involving moral turpitude; (vi) the participant’s material breach of his fiduciary duties as an officer, trustee or director of the Company or any of its affiliates; (vii) the participant’s willful refusal or failure to carry out a lawful and reasonable written directive of the Board or its designee, which failure or refusal does not cease within 15 days after written notice of such failure is given to the participant by the Company; or (viii) the participant’s willful misconduct which has, or could be reasonably expected to have, a material adverse effect upon the business, interests or reputation of the Company or any of its affiliates.

The Board may provide in the case of any award for post-termination exercise provisions different from those set forth above, including, without limitation, terms allowing a later exercise by a former employee (or, in the case of a former employee who is deceased, the person or persons to whom the award is transferred by will or the laws of descent and distribution) as to all or any portion of the award not exercisable immediately prior to termination of employment or other service, but in no case may an award be exercised after the latest date on which it could have been exercised had there been no cessation of employment or services.

Such awards consist of an option to purchase 5,000 shares granted to each of the Independent Directors on each of June 13, 2008, June 13, 2009 and July 22, 2010. The exercise prices of such options are \$11.97, \$4.93 and \$4.83 per share, respectively, and each such option expires on the 10th anniversary of the applicable grant date. All of such option awards have fully vested.

(3) Amounts reflect the grant date fair value of stock options in accordance with ASC 718. Grant date fair value is based on the Binary Option Pricing Model (American, call option) pricing model for use in valuing stock options. Assumptions used in the calculation of these amounts are shown in Note 10, "Equity Incentive Plan — Stock Options," to our audited consolidated financial statements included in our 2012 Annual Report on Form 10-K, filed with the SEC on March 18, 2013 (File No. 814-00735).

(4) Mr. Cademartori determined not to stand for re-election to the Board at the 2013 Annual Meeting of Stockholders.

Director Compensation Policy

As compensation for serving on the Board, each of the Independent Directors who served in such capacity in 2013 received an annual fee of \$60,000 and the non-executive Chairman of the Board of Directors received an additional annual fee of \$40,000. In addition, each of the Independent Directors receives \$1,500 per Board meeting attended in person and \$750 per Board meeting attended telephonically. Employee directors and Non-Independent Directors do not receive compensation for serving on the Board.

TABLE OF CONTENTS

Directors who serve on Board committees receive cash compensation in addition to the compensation they receive for service on the Board. The chairperson of the Company's Audit Committee receives an additional \$10,000 per year, the lead independent director receives an additional \$5,000 per year, and the chairperson of each other committee of the Board receives an additional \$5,000 per year and all committee members receive an additional \$500 for each committee meeting they attend. The Company also reimburses its directors for their reasonable out-of-pocket expenses incurred in attending meetings of the Board.

Pursuant to the Amended and Restated Non-Employee Director Plan (the "**Non-Employee Director Plan**"), the Independent Directors and other directors who are not officers or employees of the Company ("**Non-Employee Directors**") may be issued restricted stock as a portion of their compensation for service on the Board in accordance with the terms of exemptive relief granted by the SEC in August 2008. A description of the Non-Employee Director Plan is provided under "— Equity Incentive Plans — 2008 Non-Employee Director Plan" below.

Equity Incentive Plans

Equity Incentive Plan

Under the Equity Incentive Plan and the exemptive relief, the Company may grant options to acquire shares and other share-based awards, including without limitation restricted shares and options to acquire restricted shares. As of March 18, 2014, 270,498 shares of restricted stock were outstanding, 376,693 shares of restricted stock had vested, 257,770 shares of restricted stock had been forfeited, no options were outstanding and 1,352,809 shares were available for future grants under the Equity Incentive Plan.

In accordance with the terms of the Equity Incentive Plan, the Board has authorized the Compensation Committee to administer the Equity Incentive Plan, but has retained the authority to make grants. In accordance with the provisions of the Equity Incentive Plan, the Compensation Committee will determine the terms of options and other awards, including:

- the determination of which employees will be granted options, restricted stock and other awards;
- the number of shares subject to options, shares of restricted stock and other awards;
- the exercise price of each option, which may not be less than fair market value (or, if no fair market value exists at the time of issuance, the current net asset value) of the shares subject to the award on the date of grant;
- the schedule upon which options become exercisable or upon which a restricted stock award vests (including any performance criteria applicable to restricted stock awards);
- the termination or cancellation provisions applicable to options and restricted stock awards;
- the terms and conditions of other awards, including conditions for repurchase, termination or cancellation, issue price and repurchase price; and
- all other terms and conditions upon which each award may be granted in accordance with the Equity Incentive Plan.

No participant may receive awards of options for over 1,000,000 shares of common stock or over 500,000 shares of restricted stock in any fiscal year. The aggregate number of shares of restricted stock that may be issued under the Equity Incentive Plan may not exceed 10% of the outstanding shares on June 13, 2008, the effective date of the Equity Incentive Plan, plus 10% of the number of shares issued or delivered by the Company (other than pursuant to compensation plans) during the term of the Equity Incentive Plan. No one person may be granted more than 25% of the shares of restricted stock reserved for issuance under the Equity Incentive Plan. In addition, the amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options and rights, together with any restricted stock issued by the Company, at the time of issuance may not exceed 25% of the outstanding voting securities of the Company, except that if the amount of voting securities that would result from the exercise of all the Company's outstanding warrants, options and rights issued to the Company's directors, officers and employees, together with any restricted stock issued by the Company, would exceed 15% of the outstanding voting securities of the Company, the total amount of voting securities that would result from the exercise of all outstanding

TABLE OF CONTENTS

warrants, options and rights, together with any restricted stock issued by the Company, at the time of issuance may not exceed 20% of the outstanding voting securities of the Company.

The Board or any committee to which the Board delegates authority may, with the consent of any adversely affected Equity Incentive Plan participants and to the extent permitted by law, reprice or otherwise amend outstanding awards consistent with the terms of the Equity Incentive Plan. No share may be repriced other than in accordance with the 1940 Act and the applicable shareholder approval requirements of The Nasdaq Global Select Market.

In the case of a stock dividend, stock split, recapitalization or other similar change, the number and kind of shares subject to options, shares of restricted stock and other stock-based awards then outstanding or subsequently granted under the Equity Incentive Plan, the exercise price of such awards, the maximum number of shares that may be delivered under the Equity Incentive Plan, and other relevant provisions shall be appropriately adjusted by the Board. The Board may also adjust the number of shares subject to outstanding awards, the exercise price of outstanding awards, and the terms of outstanding awards to take into consideration extraordinary dividends, consolidations or mergers, acquisitions or dispositions of securities or property (with the exception of those that qualify as "Covered Transaction," in which case the Board may take any one or more of the actions described above under " — Potential Payments Upon Termination or Change of Control — Termination of Employment and Change of Control Arrangements — Change of Control Arrangements in the Company's Equity Incentive Plan"), or any other event if it is determined by the Board that such adjustment is appropriate to avoid distortion in the operation of the Equity Incentive Plan. However, the exercise price of options granted under the Equity Incentive Plan will not be adjusted unless the Company receives an exemptive order from the SEC or written confirmation from the SEC staff that the Company may do so.

Non-Employee Director Plan

The 2008 Non-Employee Director Plan was originally adopted by the Board and was approved by a vote of the Company's shareholders at the 2008 Annual Shareholder Meeting (the "***Prior Plan***"). Effective June 10, 2011, the Prior Plan was amended and restated in accordance with a resolution of the Board and approved by a vote of the Company's shareholders at the 2011 Annual Shareholder Meeting (as amended, the "***Non-Employee Director Plan***"). Pursuant to such amendment, the Company is permitted to issue restricted stock, and is no longer permitted to issue any options for common stock, of the Company to Non-Employee Directors. Options granted to Non-Employee Directors prior to the effectiveness of the Non-Employee Director Plan remain outstanding in accordance with the terms of the Non-Employee Director Plan. There are 36,000 shares of common stock currently remaining for issuance under the Non-Employee Director Plan. As of March 18, 2014, 50,000 shares were subject to outstanding options, and there were no additional options available for future grants under the Non-Employee Director Plan. Any options outstanding as of the date of the 2011 Annual Shareholder Meeting are governed in all respects by the terms of the Prior Plan.

Under the Non-Employee Director Plan, the Non-Employee Directors automatically receive 1,000 shares of restricted stock on the date of each annual meeting of shareholders during the term of the plan. The shares immediately vest as to one-half of the restricted stock grant and as to the remaining one-half of the restricted stock grant on the earlier of (i) the first anniversary of such grant, or (ii) the date immediately preceding the next annual meeting of shareholders (or meeting in lieu of the annual meeting of shareholders), so that vesting for one hundred percent (100%) of the restricted stock grant occurs one year after the date of grant; provided that the participant is then and since the date of grant has continuously been a Non-Employee Director. In addition, a Non-Employee Director who is appointed to serve on the Board outside of the annual election cycle would automatically be granted a pro rata portion of the restricted stock grant on the date of such appointment to the Board. The grants of restricted stock to Non-Employee Directors under the Non-Employee Director Plan are automatic (subject to the authority of the Board to prevent or limit the granting of restricted stock).

In accordance with the terms of the Non-Employee Director Plan, the Board has authorized the Compensation Committee to administer the Non-Employee Director Plan.

Unless the Board expressly provides otherwise, immediately upon the cessation of the Non-Employee Director's service (unless upon such termination or within 90 days thereafter such Non-Employee Director becomes an officer or employee of the Company or rejoins the Board as a Non-Employee Director), all awards of restricted stock, to the extent not already vested, will be forfeited. However, if the Non-Employee

TABLE OF CONTENTS

Director ceases providing services as a Non-Employee Director but within 90 days of such cessation becomes an officer or employee of the Company or rejoins the Board as a Non-Employee Director, such person shall vest in any unvested restricted shares on the later of (i) the next annual shareholders meeting (in accordance the terms of the Non-Employee Director Plan) or (ii) the date on which such person becomes an officer or employee of the Company or rejoins the Board as a Non-Employee Director.

Unless the Board expressly provides otherwise, immediately upon the cessation of the Non-Employee Director's service, all options awarded under the Prior Plan, to the extent not already vested, terminate, except that:

- When the Non-Employee Director's services are ceased for Cause (as defined below), all options, vested and unvested, immediately terminate;
- For vested options held by the Non-Employee Director immediately prior to his or her death, to the extent then exercisable, the options remain exercisable for the lesser of a period of 180 days following the Non-Employee Director's death or the period ending on the latest date on which those options could have been exercised had there been no cessation of services; and
- In all other cases, all vested options held by the Non-Employee Director immediately prior to the cessation of his or her services, to the extent then exercisable, remain exercisable for the lesser of a period of 90 days or the period ending on the latest date on which that option could have been exercised had there been no cessation of services.

Under the Prior Plan, "**Cause**" means (i) commission of a felony or of a crime involving moral turpitude, (ii) gross dereliction of duty or (iii) any breach of duty that is materially injurious to the business or reputation of the Company.

The Board may provide in the case of any option award granted under the Prior Plan for post-termination exercise provisions different from those set forth above, including, without limitation, terms allowing a later exercise by a former Non-Employee Director (or, in the case of a former Non-Employee Director who is deceased, the person or persons to whom the award is transferred by will or the laws of descent and distribution) as to all or any portion of the option award not exercisable immediately prior to termination of service, but in no case may an award be exercised after the latest date on which it could have been exercised had there been no cessation of services.

The Non-Employee Director Plan has provisions relating to stock dividends, stock splits, recapitalizations or other changes to outstanding awards, and "Covered Transactions" analogous to those described under "— Equity Incentive Plan" above.

- (2) Subject to the following additional limitations: The aggregate number of shares of restricted stock that may be issued under the Equity Incentive Plan, the Non-Employee Director Plan, and any other Company executive compensation plan, collectively, may not exceed 10% of the outstanding shares of the Company on the effective date of the Non-Employee Director Plan, plus 10% of the number of shares of the Company's common stock issued or delivered by the Company (other than pursuant to compensation plans) during the term of the Non-Employee Director Plan. No one person may be granted more than 25% of the shares of restricted stock reserved for issuance under the Equity Incentive Plan. For purposes of calculating compliance with this limit, the Company will count as restricted stock all shares of the Company's common stock that are issued pursuant to the Non-Employee Director Plan less any shares that are forfeited back to the Company and cancelled as a result of forfeiture restrictions not lapsing. In addition, the amount of voting securities that would result from the exercise of all of the Company's outstanding warrants, options and rights, together with any restricted stock issued by the Company, at the time of issuance may not exceed 25% of the outstanding voting securities of the Company, except that if the amount of voting securities that would result from the exercise of all the Company's outstanding warrants, options and rights issued to the Company's directors, officers and employees, together with any restricted stock issued by the Company, would exceed 15% of the outstanding voting securities of the Company, the total amount of voting securities that would result from the exercise of all outstanding warrants, options and rights, together with any restricted stock issued by the Company, at the time of issuance may not exceed 20% of the outstanding voting securities of the Company.
- (3) The 1,352,809 shares issuable under the Company's Equity Incentive Plan may be issued in the form of options, restricted stock or other stock-based awards. The 36,000 shares issuable under the Company's Non-Employee Director Plan may currently be issued in the form of restricted stock.

PROPOSAL 2:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis above, in this proxy statement describes the Company's executive compensation program and the compensation decisions that the Compensation Committee and Board made in 2013 with respect to the compensation of the named executive officers. The Board is asking shareholders to cast a non-binding, advisory vote FOR the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED."

This proposal, which is sometimes referred to as a "*say-on-pay vote*," is provided as required pursuant to Section 14A of the Exchange Act.

As described in the Compensation Discussion and Analysis, the Company's executive compensation program embodies a pay-for-performance philosophy that supports KCAP Financial's business strategy and aligns the interests of its executives with those of its shareholders, with the objective of attracting, retaining and motivating the best possible executive talent and avoiding risks that would be reasonably likely to have a material adverse effect on the Company. For these reasons, the Board is asking shareholders to support this proposal. Although the vote the Board is asking you to cast is non-binding, the Compensation Committee and the Board value the views of shareholders and will consider the outcome of the vote when determining future compensation arrangements for the Company's named executive officers.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10% of KCAP Financial's common stock to file initial reports of ownership and reports of changes in ownership of KCAP Financial's common stock with the SEC and, to the extent such reports are not filed through the SEC's EDGAR system, The Nasdaq Global Select Market. KCAP Financial is required to disclose in its annual report on Form 10-K and its proxy statement any failure to file these reports by the required due dates. The Company believes that all filing requirements applicable to its directors and executive officers and shareholders who own more than 10% of its common stock were complied with during the last completed year. In making the above statements, the Company has relied upon the written representations of its directors and Section 16 officers.

TRANSACTIONS WITH RELATED PERSONS

KCAP Financial has procedures in place for the review, approval and monitoring of transactions involving the Company and certain persons related to the Company. As a BDC, the Company is prohibited under the 1940 Act from participating in certain transactions with certain of its affiliates without the prior approval of the Independent Directors and, in some cases, the SEC. The affiliates with which the Company may be prohibited from transacting include its officers, directors and employees and any person controlling or under common control with the Company.

**PROPOSAL 3:
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

In March 2014, the Audit Committee of the Board conducted a review of the selection of the Company's independent registered public accounting firm. As part of this process, the Company contacted other independent registered public accounting firms and solicited input from them on their ability to provide the audit services that the Company requires. Specifically, the Company sought detailed information about their experience auditing other BDCs that have elected to be taxed as regulated investment companies. The Company contacted these other independent registered public accounting firms for the audit of its annual financial statements for the fiscal year ending December 31, 2014.

On March 21, 2014, upon the recommendation of the Audit Committee of the Board, the Board appointed E&Y to serve as the Company's new independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2014, subject to ratification by our stockholders.

On March 21, 2014, the Board elected to not renew their engagement of Grant Thornton LLP ("Grant Thornton") as the Company's independent registered public accounting firm. The Board's decision was recommended by the Audit Committee of the Board.

Grant Thornton's reports on the Company's financial statements for the fiscal years ended December 31, 2013, 2012, and 2011 contained no adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2013, 2012, and 2011, and through March 21, 2014, there were no (a) disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused it to make reference to the subject matter of such disagreements in its reports on the financial statements for such years or (b) reportable events, as described under Item 304(a)(1)(v) of Regulation S-K.

During the years ended December 31, 2013, 2012 and 2011, and through March 21, 2014, the Company did not consult with E&Y with respect to (a) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered with respect to the Company's financial statements, and no written report or oral advice was provided to the Company that E&Y concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, or (b) any matter that was subject to any disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions thereto, or a reportable event within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

It is expected that a representative of E&Y will be present at the Annual Meeting and will have an opportunity to make a statement if he or she chooses and will be available to answer questions.

The following table presents fees for professional services rendered by Grant Thornton for fiscal years ended 2013 and 2012.

	2013	2012
Audit Fees ⁽¹⁾	\$ 681,750	\$ 728,500
Audit-Related Fees ⁽²⁾	—	—
Tax Fees ⁽³⁾	—	—
All Other Fees	—	—
Aggregate Non-Audit Fees ⁽⁴⁾	35,060	38,900
Total Fees	<u>\$ 716,810</u>	<u>\$ 767,400</u>

(1) Audit fees represent fees and expenses for the annual audit, including the audit of the Company's annual financial statements, quarterly reviews, comfort letters, statutory and regulatory filings, and consents and other services related to registered and unregistered offerings of the Company's securities.

TABLE OF CONTENTS

- (2) Audit-related fees represent services such as consultations, due diligence and attest services not required by statute or regulation.
- (3) Tax fees represent services in conjunction with preparation of the Company's tax return.
- (4) Aggregate non-audit fees comprise audit-related fees, tax fees and all other fees.

In addition to the services listed above, Grant Thornton LLP provided audit and tax services to the Company's wholly-owned, unconsolidated subsidiary totaling \$456,750 and \$51,900, respectively, for the fiscal year ended December 31, 2013 and \$409,500 and \$52,500, respectively, for the fiscal year ended December 31, 2012. The fees for such audit and tax services are included in the expenses of the unconsolidated subsidiary. These amounts are not included in the expenses of the Company

The Audit Committee has established a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by its independent registered public accounting firm. The policy requires that the Audit Committee pre-approve the audit and non-audit services performed by its independent registered public accounting firm in order to assure that the provision of such service does not impair the firm's independence. The Audit Committee shall preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor. The Audit Committee shall establish policies and procedures for the engagement of the independent auditors to provide permissible audit and non-audit services. The Audit Committee can delegate to one or more members of the Audit Committee the authority to pre-approve audit and permissible non-audit services, as long as this pre-approval is presented to the full Audit Committee at its scheduled meetings.

**THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE SELECTION OF

Communications to the Board

Shareholders may communicate with the Board or one or more directors by sending a letter addressed to the Board or to any one or more directors, c/o Corporate Secretary, KCAP Financial, Inc., 295 Madison Avenue, 6th Floor, New York, New York 10017, in an envelope clearly marked "Shareholder Communication." The Corporate Secretary's office will forward such correspondence unopened to one or more members of the Board, unless the envelope specifies that it should be delivered to a specific director.

"Householding" of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or the Company that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to KCAP Financial, Inc., Investor Relations, 295 Madison Avenue, 6th Floor, New York, New York 10017, or calling Investor Relations at (212) 455-8300.

Annual Report

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2013 (without exhibits, unless otherwise requested), is provided to shareholders concurrently with this proxy statement. The Annual Report does not constitute a part of the proxy solicitation materials.

We will provide without charge to each solicited shareholder a copy of exhibits to our Annual Report on Form 10-K for the year ended December 31, 2013 upon written request. The written request for such exhibits should be directed to KCAP Financial, Inc., 295 Madison Avenue, 6th Floor, New York, New York 10017, Attention: Edward U. Gilpin, Secretary. Such request must set forth a good faith representation that the requesting party was a beneficial owner of our common stock on the Record Date.
